## **INNER IMAGING, PC REOPENS FROM THE COVID PANDEMIC**

**September 1, 2020**

**We are pleased to announce that after 4 months of being closed due to the Covid-19 Pandemic, Inner Imaging, PC has opened in a new facility and affiliated with the radiology group New York Medical Imaging Associates. This affiliation will allow us to see more patients daily, with faster next day reporting, and with more services available to our union partners.**

**Our new location is 165 East 84<sup>th</sup> Street (between Lexington and Third Avenues) on the upper eastside of New York. We are open from 7:30 am to 4:30 pm and Saturdays from 8 am to 2 pm.**

**Our primary contact telephone number remains the same. 212-777-8900 and is now staffed with a live 24 hour answering service who take calls when we are closed or busy. This allows them to contact us immediately whenever it is necessary and no one is placed on hold. Our FAX number is 212-991-5450.**

**The Covid-19 Virus has taken a toll on all of us who serve the New York Community. We have lost some of our staff, some friends have passed and we are now ever more conscious of how disease spreads. Please know, that we are taking every sanitary precaution that is needed in our clinical environment to assure patients that we are concerned about their health and the spread of this virus.**

**Should you have questions regarding our reopening or our preventive health program, please call us at 212-777-8900. We look forward to seeing our New Yorkers again.**

**Thank you,**

**Albert E. Barrette, Practice Manager**

**Lee S. Marcus, M.D., FACC, Medical Director**
